

77 DIAMONDS

LONDON

Dear customers,

In keeping with UK government regulations to limit the spread of COVID-19, we must suspend all face-to-face appointments in both our London and Manchester showrooms **until mid-February**.

After an already difficult year, the news of a nationwide lockdown comes as a blow to us all. Nonetheless, we are hopeful and believe there are better times ahead. We look forward to a time when our customers can again visit our showrooms and set eyes on the jewellery piece they have always wished for.

We have a truly outstanding team here at 77 Diamonds who are working tirelessly to accommodate our customers needs throughout this pandemic. As ever, we will continue to provide the same level of service you are used to no matter what.

After a holiday break, our master jewellers have now come back to their tools and are all set to create your made-to-order jewellery. Please rest assured you will receive your handcrafted items in the usual delays, just in time for your special moment.

We are still very much available to chat through our [online consultations](#). Our consultants will guide you through your purchase, and provide the support and advice you need in finding the perfect piece.

If you live in Germany, please note our Berlin and Frankfurt showrooms are still closed and will reopen on 1st February.

Feel free to contact us with any further queries via live chat, email or phone. We look forward to seeing you again and, in the meantime, wish you the best of health and happiness.

Tobias Kormind
Managing Director, 77 Diamonds
